POLICE ACADEMY ACTIVITY REPORT 1958

Bureau of Personnel

The Police Academy is maintained to provide "recruits", "in-service" and other specialized training for police personnel. The basic "recruit" course extends for fourteen weeks and combines class instruction with actual field service training. The "recruit" course covers all phases of law enforcement duty with particular emphasis upon the philosophy of police service and the ethical concepts essential to the police profession. The instruction is furnished by qualified members of the department and special lectures and demonstrations presented by outside experts in specialty fields.

Advanced in-service classes are conducted for all ranks to bring new techniques and developments to the attention of the working police officer.

During 1958 the Police Academy provided:

a. Recruit training (25 weeks total) for 108 new officers.
b. In-services training for 287 members.
c. Basic training for Auxiliary Police members. A total of 58 citizens were given an average of 80 hours police instruction essential to public protection in event of a disaster.
d. During the year six members of neighboring law enforcement agencies attended the recruit classes in order to receive basic training.

The Police Academy has also co-operated with the San Francisco Civil Service Commission by providing facilities for the conduct of physical entrance examinations for city positions. In all 278 persons were subject to examination at the Academy.

The Academy Staff participated in the personal history and character investigations of police candidates to assure adequate screening of new officer material. One hundred eight of the one hundred twenty-eight candidates were accepted.

The Police Probst Rating System has been in effect for several years. All ratings are scored by the Academy Staff and reports prepared in relation thereto as an aid in personnel administration.

The Police Academy Staff also participate in certain enforcement work by providing a vehicle inspection service for motorists who are cited for violation of vehicle regulations pertaining to automotive equipment. During 1958 over nine hundred inspections were made at the Academy.

Members of the Staff have also served as speakers for various public groups who request police participation in open meetings so that the public might be informed of police problems and encouraged to cooperate with the police service and support proper enforcement programs.

SCHOOL SAFETY PATROL ACTIVITIES FOR 1958

The School Safety Patrol Detail, a unit of the Traffic Bureau under the Director of Traffic, is composed of an Inspector in Charge, a Sergeant of Police and two (2) Patrolmen.

The Detail acts in a liaison capacity with school superintendents and administrators, P.T.A. Groups and Mothers' Clubs, with respect to the traffic safety of school children.

This Detail is a full-time assignment and its main duty is the organizing, training and supervision of student Safety Patrols in the San Francisco Schools, public, parochial and private. Safety Patrols are established in all elementary schools with a fifth grade or higher and the junior high schools. The patrol units operate under the prescribed rules and regulations as established in the California State Educational Code.

The patrol units were organized and trained twice during the year, at the beginning of both the Spring and Fall terms, and a regularly scheduled monthly meeting of thirty minutes each, for in-service training, was given to each individual unit by a member of the Detail. In supervising, individual patrol units were visited while on the job by a member of the Detail at least once a week.

Assembled student body meetings of junior high schools and the upper grades of elementary schools were addressed on traffic safety. Individual classes of all primary grades were visited once each semester and talks were given on general safety practices as well as traffic safety.

In addition to the regular school sessions, 10 summer schools were operated. Patrol units were established in all summer session schools. Student assemblies and primary classes were visited and addressed on traffic safety as well as vacation period safety practices. During the summer vacation, there were 37 school yards open for playground purposes, and members of the Detail made continual visits to all school yards for the prevention of possible vandalism.

A continual survey of school vicinities for traffic hazards was made and traffic controls recommended to the proper agency when and where deemed necessary. Also, prescribed safest routes to school were suggested and given to the students of the school.

Members of this Detail made two surveys of school crosswalks and repainting as required was recommended to the Board of Public Works. The establishment of new and additional crosswalks where needed were recommended to the Board of Police Commissioners.

An appropriation of $22,477.40 was allowed in the Department of Public Works budget to provide for the painting of school crosswalks and "Slow School Xing" pavement signs in the vicinity of schools.

Meetings of the Parent-Teacher Groups and Mothers' Clubs were attended and the purpose and duties of student patrol members were explained. Safety films were also shown at these meetings when requested. These groups are active co-sponsors of the School Safety Patrols and supply the cost of uniform caps, white belts and rain clothes for the patrol units of their respective schools.

The Annual Review of patrol units was held in Kezar Stadium on Wednesday, May 28, 1958. The units were reviewed by Acting Mayor, Harold Dobbs, the Board of Police Commissioners, the Chief of Police, the Superintendent of Public Schools, the Superintendent of the Archdiocesan Schools, and many other civic leaders, before an estimated crowd of between 8,000 and 10,000 people.

The Chief of Police presented Efficiency Awards to the patrol units after the Review. The awards were based on the performance of the units observed by the members of this Detail during the school year.

The patrols are co-sponsored by the Board of Education, the Police Department, the California State Automobile Association, the Second District Congress of Parents and Teachers, the San Francisco Archdiocesan Parochial School Department, and the Catholic Parent-Teacher Groups.

The following data shows the scope of School Safety Patrol activities:

The following pages contain a detailed summary of the various activities engaging the attention of the Police Department during the calendar year 1959. This report is submitted in compliance with Section 19, sub-section (e) of the Charter of the City and County of San Francisco.

The 1959 Annual Report of this Department offers a comprehensive analysis of the many services performed for, and in behalf of, the residents of San Francisco as well as the many thousands of persons who live in neighboring jurisdictions and visit or work in this city. Specific tables have been prepared to portray the kind and amount of crime reported to the police. Other tables indicate the results of police activity in such areas as crime prevention, crime detection, arrest, recovery of property, traffic regulation, etc. Each section of this report will prove of interest to every civic-minded person.

The sum total of police activity reported herein can be summarized best in the following brief statement:

THE YEAR 1958 WAS MARKED BY A HIGH CRIME RATE AT THE NATIONAL, STATE AND LOCAL LEVELS. THE WIDESPREAD CONCERN IN THE FIELD OF LAW ENFORCEMENT LED TO INCREASED ACTIVITY DURING 1959. THE FEDERAL BUREAU OF INVESTIGATION REPORTS THAT MAJOR CRIME AT THE NATIONAL LEVEL SHOWED A 4% DECREASE IN 1959. THE BUREAU OF CRIMINAL STATISTICS FOR THE STATE OF CALIFORNIA REPORTED A DECREASE IN MAJOR CRIME OF APPROXIMATELY 6% FOR 1959 AS COMPARED TO THE PRIOR YEAR. STATEWIDE CRIME STATISTICS ALSO INDICATED THAT THE CITY OF SAN FRANCISCO SHOWED THE LARGEST DECREASE OF ANY MAJOR CITY IN THIS STATE. THE OFFICIAL RECORDS OF THE SAN FRANCISCO POLICE DEPARTMENT SHOW THAT MAJOR CRIME DECREASED MORE THAN 10% OVERALL WITH A MARKED DECLINE IN EACH CATEGORY OF MAJOR CRIME.

This significant decrease in local crime was achieved during a time when the Police Department was in the process of making an objective study of its functional units. Many basic services were stimulated and expanded through the realignment of personnel and the employment of proper supervision. Credit for any benefits that have accrued should be attributed to the members of the entire department.

Very truly yours,

THOMAS J. CAHILL
Chief of Police

SUMMARY OF ACTIVITY—1959

Crime Laboratory

During 1959, the Laboratory of the San Francisco Police Department received evidence from some 1,742 cases. This includes material from crime scene searches, evidence brought in by the Mobile Unit, as well as evidence collected and booked through the office of the Property Clerk. The Mobile Unit responded to 1,258 calls during that period.

Data concerning latent fingerprint cases shows 1,491 examinations involving the development of latent fingerprints and an additional 311 palm and hand prints. 1,433 scenes were processed for latent fingerprints. From these fingerprint searches, legible latent prints were obtained in 957 cases. Comparisons of latent prints were made with 2,538 named suspects and 189 suspects were identified by latent fingerprints and palmprints. Additional identifications of latent prints were made with complainants or persons who legitimately handled objects processed. These identifications were not included in the 189 cases.

The actual comparison of latent prints with suspects ran well over a quarter of a million. This large figure is accounted for by the fact that some prints were searched through a section of the Bureau of Identification file under classifications which would include that of the unknown print. This procedure is not routine but is used in cases where the unknown print appears certain to be that of the suspect, particularly in cases of a serious nature such as homicide. Cooperation of the Bureau of Identification in checking records and making available fingerprint files for these searches was most helpful.

The criminologist position in the Laboratory was filled effecting on February 1st, 1959, providing the services of two criminologists. A secretary was added to the Laboratory staff on April 1st, 1959. One additional police officer was added to the staff operating the Mobile Unit and began training for that work in December.

The file of five-fingerprint cards, including palmprints, was augmented and has provided palmprints for identification of suspects in several cases. This file will become increasingly helpful as it is increased in size and as the individuals whose prints are included complete prison terms and are returned to their old environment.

The laundry mark file was completed and has furnished information in several cases.

A reference file of narcotic and dangerous drugs has been started and preparations have been made to take over the analysis of narcotics.

The increase in the caseload of the Laboratory is due not only to the increased personnel available to conduct examinations but also to the increased realization by the investigative personnel that the use of physical evidence can aid them in their investigations.

The Laboratory personnel participated in training programs for two recruit classes at the Policy Academy during 1959. In addition, informal instruction was conducted for the members of the Laboratory staff, reviewing techniques of evidence handling and introducing new techniques.

Members of the Laboratory staff made eighty-six court appearances during the year (Grand Jury, Municipal and Superior Courts).

SUMMARY OF ACTIVITY—1959

Police Academy

An efficient and respected police department is the ultimate result of careful selection of police candidates, adequate training for the recruit and proper supervision for all police officers.

The first two of these elements come within the province of the Police Academy staff. Experience has taught us that an intensive and comprehensive investigation of the candidate's background has proven invaluable in determining those propensities which would render him unsuited for police employment.

The background investigation process has resulted in the elimination of a large percentage of candidates whose appointment could have proved embarrassing to the department.

The basic training course for recruits consists of fourteen (14) weeks or five hundred and sixty (560) hours of intensive instruction in the most modern technical and tactical phases of law enforcement, the longest in the United States. Emphasis has been placed on the ethical and moral aspects of this vocation.

The advanced or in-service training courses are conducted for all ranks of the department and are aimed at providing for as many members as possible, the latest methods of criminal investigation, supervision and technological advances in the field of police science.

An integral part of the Academy's program has been the training of police reserves who serve as an auxiliary unit to the regular force. Classes are held at night at the Police Academy for these members and the staff and facilities of the institution are utilized for this purpose.

During the calendar year 1959, the following services were provided by the staff at the Academy:

RECRUIT TRAINING	NUMBER OF MEN
During 1959 there was a total of twenty-two (22) weeks of recruit class training at the Academy as follows:	
San Francisco Police Department Recruits	107
State Harbor Police	1
Daly City Police Department	1
San Anselmo Police Department	1
Sausalito Police Department	4
TOTAL	114

Police Academy—(continued)

RADIOLOGICAL MONITORING COURSE	NUMBER OF MEN
Six (6) Radiological Monitoring classes of nine (9) hours each	140
One (1) class of Industrial Radio Hazards of three (3) days' duration	30
TOTAL	170
POLICE RESERVE TRAINING	
Auxiliary Police (new) trained during 1959	31

These volunteers receive approximately 100 hours of classroom training in classes conducted at the Police Academy on two evenings each week, two hours per evening.

In-Service Training classes are supervised by Police Academy staff each month at the various Auxiliary Headquarters with an average attendance of 35 Auxiliary Officers.

In attendance at the regular Academy Auxiliary Police Training classes were 27 members of the Auxiliary Police for the purpose of renewing American Red Cross First Aid credentials.

MISCELLANEOUS SERVICES

Approximately 500 automobiles were inspected for cited mechanical defects for our own and various Bay Area departments.

PROBST RATING SYSTEM

In 1959 the Probst System semi-annual ratings for the department were evaluated by the Police Academy staff on men of all ranks with the exception of Captains of Police.

EXAMINATIONS

During the year 1959, the Civil Service Commission conducted physical entrance examinations at the Police Academy at which time the facilities of the Academy and the staff members were at the disposal of the Commission.

A total of 256 men were processed by the Civil Service Commission and members of the staff at the Police Academy for various Civil Service classifications.

PERSONNEL INVESTIGATIONS

A total of 85 investigations were conducted by the Director of Personnel and his assistant regarding conduct of members of the department.

A total of 113 investigations were made for outside departments regarding their prospective applicants. These investigations were conducted the same as our own recruit background investigations.

The Director of Personnel sat as Chairman of the Board of Review investigating departmental vehicle accidents during the year 1959 and heard a total of 89 cases.

PUBLIC RELATIONS

A total of 38 lectures on the subject of Civil Defense were given to volunteers, clubs, professional groups, military organizations and educational institutions by members of the Civil Defense Detail of the Police Academy staff.

Also, staff members of the Police Academy, acting in the capacity of a speaker's bureau, furnished speakers for many accredited organizations throughout the Bay Area on various topics relating to police work and affiliated subjects.

The Director of Personnel attended numerous meetings held by minority groups within the City and County of San Francisco as liaison between said groups and the San Francisco Police Department in an endeavor to promote better understanding between law enforcement agencies and minority groups.

The Director of Personnel and his assistant served as members of oral boards on six different occasions for neighboring law enforcement agencies for both entrance and promotional examinations.

TRAFFIC SAFETY ACTIVITY REPORT—1959

CITIZENS' ACTION COMMITTEE FOR PEDESTRIAN PROTECTION

On February 26, 1959 at the invitation of the Chief of Police, representatives of the schools, public utilities, traffic engineer, P.T.A.'s, Mothers' groups, Boy and Girl Scouts, Armed Forces, Press, Radio, Television, etc. attended a meeting at the Hall of Justice. The Director of Traffic presented the pedestrian traffic accident problem and appealed for help in educating children, 14 years and under, as they were involved in 41.3% of the City's pedestrian accidents. The Captain of Traffic outlined the Police Department's techniques and procedures in traffic law enforcement. The Deputy Chief appealed for community participation. The Chief of Police called for suggestions to alleviate this vital problem and appointed the representative of the local chapter of the National Safety Council as Chairman of a committee to coordinate community efforts to combat the problem of pedestrian accidents.

BLACK FLAG OF DEATH

In June of 1959, the Chief of Police obtained a supply of black flags with the words "Traffic Death Today" imprinted thereon. He ordered the flags flown from the antennaes of traffic cars and motorcycles each day there was a traffic death in this City. Sigalerts were issued concerning the latest traffic deaths and this information was relayed to the public through commercial radio stations.

POLICE BOARD OF REVIEW

In July of 1959 the Chief of Police inaugurated a Police Board of Review to delve into the circumstances of traffic accidents involving police personnel and police vehicles. Through this method, an internal Accident Prevention Program was initiated.

IN-SERVICE TRAFFIC TRAINING

ROLL-CALL TRAINING: In January, 1959, with the approval of the Chief of Police, the Director of Traffic inaugurated a "Roll-Call" training program for the personnel of the Traffic Bureau. Prepared lesson plans were supplied to all platoon commanders. After roll-call and the reading of the day's orders, etc., the lesson plans were read and discussed for approximately ten minutes per day.

CLASS ROOM: During the months of May and June, with the cooperation of the Director of Personnel, the Director of Traffic assigned each of the 338 men in his command to a two-day Traffic Refresher Course which was held at the Police Academy. Traffic Bureau supervisory officers were assigned as instructors.

Safety Patrols are established in all elementary schools with a fifth grade or higher, and in the Junior High Schools. The patrol units operate under the prescribed rules and regulations as established in the California State Educational Code. The patrol units were organized and trained twice a year, at the beginning of both the Spring and Fall terms, and a regularly scheduled monthly meeting of thirty minutes each, for in-service training was given to each individual unit by a member of the Detail.

Public schools	100
Catholic schools	36
Lutheran schools	3
Private schools	2
Summer schools	10
Total	151

In cooperation with school authorities, lectures and demonstrations were given to all Driver Education classes in the public and parochial High Schools.

6. JUVENILE TRAFFIC VIOLATORS SCHOOL: In cooperation with the Juvenile Traffic Court, a Juvenile Traffic Violators School was conducted. The Detail prepared the curriculum and visual aids and a member served as instructor. The motor vehicle laws were explained and illustrated with particular stress being placed upon the association between violations and accidents and the reasonableness of voluntary compliance with the said laws.

Number of sessions consisting of four weeks	12
Average attendance per class	35
Boys completing the required four sessions	420

7. ADULT DRIVER SAFETY EDUCATION

ADULT TRAFFIC SAFETY SCHOOL: (Also known as the Adult Traffic Violators School.) Number of Traffic Safety Checks conducted	20
Number of vehicles checked	10,998
Number of vehicles observed	50,890
Total violations	1,268

9. POLICE TRAINING

POLICE ACADEMY: Members of this Detail were regularly assigned to the Police Academy as instructors on traffic subjects for the recruit, in-service and reserve classes.
